**Rosen Aviation receives coveted award from Gulfstream Aerospace**

**Eugene, OR, June 11, 2009** Building on its legacy of outstanding quality, reliability, on-time delivery and overall performance, Rosen Aviation was recently recognized by Gulfstream Aerospace as one of its 2008 Top Performer Award recipients. This was Rosen's fourth consecutive receipt of the coveted award, further establishing its reputation as a world-class provider of flat panel displays, custom mounting solutions, passenger information systems, and source equipment for the business and VIP aviation industry.

"At Rosen, we strive for excellence in quality and customer satisfaction," said Darren Sparks, President of Rosen Aviation, "and it's especially rewarding to be recognized for these qualities by one of our most valued customers."

**About Rosen Aviation**

Founded in 1980, Rosen was formed to serve the corporate aviation industry, with an emphasis on providing creative, cost effective cabin entertainment solutions meeting the stringent requirements of the aviation industry.
